Professional Summary

Diligent Software Engineer with background in game design enthusiastically submitting my application. Excellent communication skills and creative approach to developing diverse open-source projects, both individually and in a team. Proven history of great results, including a national medal in Computer Science. Specialties include: algorithmic-oriented solutions, Agile and Scrum development, iGaming, AI integration.

Education

- Oct 2021 – Jul 2024 **Bachelor's, Alexandru Ioan Cuza University of Iasi** in Computer Science.
Thesis title: *Developing Psychological Games in Virtual Reality Designed to Improve the Player's Mental State*.
Relevant courses: Java, Python, Machine Learning, Software Engineering, Object Oriented Programming, Data Structures, Human-Computer Interaction
- Feb 2023 – Jun 2023 **Erasmus exchange, Klaipėdos valstybinė kolegija** in Computer Science.
Student exchange program for one semester.
- Sep 2017 – Jun 2021 **Mihail Kogalniceanu Highschool** in Real Sciences.

Employment History

- Feb 2025 - August 2025 **Intern Game Designer, Greentube**
Designed iGaming products for one of the biggest companies in the market, wrote auxiliary code in Python and Javascript, wrote game design documents, sound design documents and graphics documents, maintained an internal glossary for market terms.
- Feb 2024 - May 2024 **Junior Developer, rinf.tech**
Implemented software applications using Java and .NET, developed DevOps automated testing with Jenkins to improve delivery efficiency and quality. Gained experience with building and deployment processes, and applied security practices to protect against vulnerabilities.

Volunteering

- 2020 - present **Wikipedia Translator**. English - Romanian, over 25 contributions: Raresmac.
- Oct 2021 - Oct 2022 **ASII - Student Association of Computer Science**. Public Relations & Media
Developed strong teamwork and collaboration skills, working with a diverse team to achieve shared goals and deadlines. Demonstrated attention to detail and creativity in visual design, with a focus on delivering high-quality outputs under time pressure.
- Sep 2020 - Apr 2021 **United Nations Youth Association Romania**. Public Relations Specialist.

Skills

- Languages **English** - C1
- Romanian** - Native

Skills (continued)

	📌 Italian - A1
Coding	📌 Python, C#, C++, Java, R, $\LaTeX$, ...
Development	📌 Git, Linux, Docker, Jenkins, AWS, Trello, Github Projects
Databases	📌 PostgreSQL, MySQL, SQLite
Web Dev	📌 HTML, CSS, JavaScript, PHP.
Data Science	📌 Tensorflow, numpy, pandas
Soft Skills	📌 Teamwork, Flexibility, Detail-oriented, Resilience, Respectfulness
Office	📌 Excel, Word, PowerPoint
AR/VR/XR	📌 Unity, Vuforia, Wonderland
Game Dev	📌 Unity, Godot, Unreal Engine, GameMaker Studio

Projects

Python

- 2023 📌 **PyChess**, A chess app with GUI written in basic Python (no pygame or other libraries).
- 2024 📌 **ScanItUp**, An OCR document scanner utility.
- 2024 📌 **LOL_Predictor**, A neural network, using TensorFlow, NumPy and pandas, trained on League of Legends statistics that predicts the outcome of a match based on the lineups.

C#

- 2024 📌 **PaintGuesser**, Art guessing app for Android. Written in Unity.

C++

- 2021 📌 **Electronic Circuits**, GUI app for creating electronic circuits.
- 2020 📌 **Blackjack**, Command line game of Blackjack.

Web

- 2023 📌 **Word Guesser**, A web clone for Wordle written in PHP and Javascript.

AR/VR/XR

- 📌 **ARt**, an AR application for Android for recognizing paintings. Built with Unity3D and Vuforia.
- 2023 - 2024 📌 **Memento Vivere**, a VR game for improving your body and mind.

C

- 2022 📌 **Reads Profiler**, Server and client software for creating a public library and receiving personalized recommendations.

Miscellaneous Experience

Awards and Achievements

- 2021 - 2024 📌 **Department Grant for Merits**, Alexandru Ioan Cuza University.
- 2018 📌 **Bronze Medal**, Computer Science Olympiad, National level.

Certification

- 2023 📌 **Certified C# Beginner**. Awarded by LinkedIn.
- 2020 📌 **Certified C++ Beginner**. Awarded by SoloLearn.
